

Agreement on the Conservation
of Albatrosses and Petrels

Workshop on *Pterodroma* and other small burrowing petrels

Wellington, New Zealand, 9 September 2017

Workshop Agenda

Mark Tasker

Saturday 9 September		
09:00	Introduction (Mark Tasker - Chair)	
09:15	Status, trends and conservation management needs of the <i>Pterodroma</i> and <i>Pseudobulweria</i> groups (Karen Baird)	
09:45	Further presentations/information if offered	
10:15	Consideration of the usefulness of international cooperation for these species	
11:15	Refreshment break	Plenary foyer
11.30	Discussion on modalities for international cooperation. This may comprise a plenary session to decide how to divide up the work load, followed by breakout group working, or the whole discussion may be taken in plenary.	
13:00	Lunch break	
14:00	Summary discussion and consideration of way forward	
15:00	Conclusion of workshop	

There will be a report of the workshop to the Advisory Committee meeting in the following week (AC10 Doc 14). John Cooper will be taking notes.
