Letter from Brazilian Embassy

No.

The Embassy of the Federative Republic of Brazil presents its compliments to the Interim Secretariat of the Convention on the Conservation of Albatrosses and Petrels and, in reference to the working procedures of the First Meeting of the Parties (MOP I), has the honour to express support for the proposal made by the Argentine Republic that States that have already signed said Convention but are still in the process of ratification, could significantly contribute to the work of MOP I, in both the negotiating and in the decision making processes.

The Embassy of Brazil wishes further to convey the understanding that given the significance of the decisions that will be taken at this First Meeting of the Parties, the discussions on future actions would greatly profit from a more ample and inclusive participation of all Signatories in the deliberations of MOP I.

The Embassy of the Federative Republic of Brazil avails itself of this opportunity to renew to the Interim Secretariat of the Convention on the Conservation of Albatrosses and Petrels the assurances of its highest consideration.
